

## PUBLIC NOTICE

The joint Commission of Accreditation of Healthcare Organizations conducts an accreditation survey of Medi-Care Equipment Specialties every 3 years.

The Purpose of the survey will be to evaluate the organization's compliance with nationally established Joint Commission standards. The survey results will be used to determine whether, and the conditions under which, accreditation should be awarded to the organization.

Joint Commission standards deal with organization quality, safety-of-care issues, and the safety of the environment in which care is provided. Anyone believing that he or she has pertinent and valid information about such matters may request a public information interview with the Joint Commission's field representatives. Information presented at the interview will be carefully evaluated for relevance to the accreditation process. Requests for a public information interview must be made in writing and should be sent to the Joint Commission. The request must also indicate the nature of the information to be provided at the interview. Such requests should be addressed to
